DECLARATION BY THE ASSIGNEE**

Attorney Docket No.: 24104A

As a below named inventor, I hereby declare that:
Each inventor's residence, mailing address and citizenship are
stated below next to their name.

The entire title to the patent identified below is vested in the
assignee, Harrison G. Purvis.

Inventor: Harrison G. PURVIS
Citizenship: United States
Residence/
Mailing Address: 130 North Middleton Street, Robbins, NC 27326

Inventor: Tony R. MATTHEWS

I believe the inventors named above to be the original and first
inventor(s) of the subject matter which is described and claimed
in said patent No. 5,842,685 issued on December 1, 1998, for
which a reissue patent is sought on the invention entitled
TEMPORARY GUARD RAIL SYSTEM, the specification of which:

(Check One)
_____ is attached hereto

X was filed on October 31, 2000

as reissue application number 09/703,277

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all that apply.)

_____ by reason of a defective specification or drawing.

 X by reason of the patentee claiming more or less than he had the right to claim in the patent.

_____ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Applicant's previous attorney failed to appreciate the contribution and scope of Applicant's invention and failed to claim the scope of what Applicant was entitled to claim. Applicant's previous attorney allowed claims to issue which were too narrow. For example, the at least one error includes, in Claim 1, the language "said connecting means including a first threaded stud outwardly projecting from a top end of said stanchions" which is too narrow and unnecessary to define over the prior art.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant.

I hereby appoint the attorneys and/or agents associated with Customer No.: **27975** as my attorney(s) or agent(s) to prosecute the application identified above, and to transact all business in the United States Patent and Trademark Office connected therewith.
